

## Minnesota Pollution Control Agency

October 18, 1984

US EPA RECORDS CENTER REGION 5

469786

Mr. Dennis J. Vaughn, P.E.  
Corporate Manager, Environmental Safety  
Henkel Corporation  
2010 East Hennepin Avenue  
Minneapolis, Minnesota 55413

Re: Environmental Response and Liability Act  
Proposed Permanent List of Priorities

Dear Mr. Vaughn:

Minnesota Pollution Control Agency staff have taken into consideration your request, of September 25, 1984, to remove the Henkel Corporation name from references to the General Mills hazardous waste site and concur with your request. Therefore, Henkel Corporation's name will be removed from the Permanent List of Priorities as it pertains to the General Mills site.

You should be aware, however, that since the site is on the National Priority List (NPL) as the General Mills/Henkel site, documents generated by the MPCA for the EPA relating to the General Mills site will also retain the Henkel Corporation name. MPCA staff realize that this places Henkel Corporation in an awkward position, but EPA must change their references before the Henkel name can be dropped entirely.

If I can be of further assistance please contact me at 296-7399.

Sincerely,

Bruce S. Davis, Project Leader  
Responsible Party Unit  
Site Response Section  
Division of Solid and Hazardous Waste
